# Uniface 10 planning

- Planning towards a December 2014 delivery
- Planning to have \*some\* functionality for all of the new features and functionality
  - Code completion
  - Project based
  - Etc
- Initial release positioned for new development.
- Existing C/S functionality will be added later.
  - 10.01 maintenance
  - 10.02 release

# Uniface 10 between now and the GA

- Focus on increasing engagement and communication on the project
- Executing a quarterly (4 sprint) cycle of development
  - A new build to demo/present at user groups
  - External (customer facing) webex sessions
  - Blog posts, other social media, etc.
- Early access
  - Customers – thinking after Easter as a workshop, but TBD
  - Wider preview around Sept/Oct (TBD)

# Uniface 10 planning

Planned Date	Release	Functionality	Targeted customer 'audience'
<u>Uniface 9.6</u>			
2013	Uniface 9.6.x	<ul style="list-style-type: none"> <li>Unicode</li> <li>Web</li> <li>Web Services</li> <li>Windows</li> </ul>	New/existing
2014			
<u>Uniface 10</u>			
2013 Q3	Uniface 10.00a	<ul style="list-style-type: none"> <li>Advanced development</li> <li>Agile development</li> </ul>	Demo
2013 Q4	Uniface 10.00b		Demo
2014 Q1	Uniface 10.00c		Workshop
2014 Q2	Uniface 10.00d		Controlled release
2014 Q4	Uniface 10.01		Release candidate
2015 Q4	Uniface 10.02	TBD	New/existing
2016 Q4	Uniface 10.03	TBD	New/existing
